Shop Supplies and Tools Catalog

PECJ0003

The **Shop Supplies and Tools Catalog** is a publication that incorporates all of the shop supplies, general purpose hand tools, tool boxes, personal safety items and chemicals, lubricants and adhesives for dealer and customer service shops.

All orders placed from the Caterpillar Miscellaneous Material Order System for this publication will automatically place you on a subscription list.

If you do not wish to receive the supplements and do not wish to be added to the subscription list when you order, you must place a verbal order with your order analyst and tell the order analyst at that time not to add your name to the subscription mailing list. However, doing this will prevent you from automatically receiving updates to this catalog in the future.

Ordering Procedure

The majority of the products listed in PECJ0003 are stocked at Caterpillar parts facilities. Select paint and chemical products listed in PECJ0003 are not stocked but are distributed through Caterpillar's Direct Ship program. All products in PECJ0003 can be ordered through the Caterpillar Parts Distribution System using existing stock or emergency ordering procedures.

Prices and Returned Goods

Prices are subject to change without notice. Standard dealer payment terms apply for any product ordered from this catalog (whether it is stocked or not).

Returned Goods – All product listed in this catalog is returnable except:

- Direct ship and Made as Ordered (MAO) items
- Chemicals and Hazardous Materials
- Electrical test/diagnostic tools and associated accessories

Dealers should refer to the Cat Dealer Numerical Parts Record (NPR) to determine if a questionable item is returnable or not.
